

# The Weeknd - In Your Eyes (Remix) Lyrics

(Oh)

I just pretend that I'm in the dark, and  
I don't regret 'cause my heart can't take a loss  
I'd rather be so oblivious  
I'd rather be with you

When it's said, when it's done, yeah  
I don't ever wanna know  
I can tell what you done, yeah  
When I look at you

In your eyes  
I see there's something burning inside you  
Oh, inside you  
In your eyes  
I know it hurts to smile but you try to  
Oh, you try to

You always try to hide the pain  
You always know just what to say  
I always look the other way  
I'm blind, I'm blind  
In your eyes  
You lie, but I don't let it define you  
Oh, define you

I never lied when I cried for you  
And I know you cry, too (know you cry, too)  
You're reading minds, just couldn't deny you do  
Always hard to say "bye" to you (and I taught myself to say)  
Love the way you're talkin', love your style but, ooh, babe  
You know that you got it for me  
And it's haunting you deep, too hard not to see it  
Hate the way I feel love, only hurts with real love

It's taking every part of me, when you look, I could see love  
One day, I'm giving you space  
And the next day, you're giving me faces  
And I like parties, not this place  
It's comin' out of my bag for you to get wasted  
(I can't stop staring at you)  
It's like I forgot that staring is rude  
And that's what five shots could turn me into  
But you've done most things that gentlemen do, so

When it's said, when it's done, yeah  
I would never let you know (let you know)  
I'm ashamed of what I've done, yeah  
When I look at you

In your eyes (your eyes)  
I see there's something burning inside you (inside you)  
Oh, inside you (inside you)  
In your eyes  
I know it hurts to smile but you try to (try to)  
Oh, you try to (I try to, babe)

You always try to hide the pain (oh, oh)  
You always know just what to say (yeah, yeah)  
I always look the other way  
I'm blind, I'm blind  
In your eyes  
You lie, but I don't let it define you (oh)  
Oh, define you
